Mock mediation of aircraft accident liability

Committee(s)

Aviation Law Committee - (Lead)

Session / Workshop chair(s)

Alan Reitzfeld	Holland & Knight LLP, New York, USA; Vice Chair Aviation Law Committee
----------------	--

Description

This session will be a mock mediation of liability and wrongful death claims arising out of a mass air disaster occurring during international commercial air transportation. The airline and the aircraft manufacturer will be among the defendants.

The first part of the mediation will address liability issues, such as: liability of the airline under international aviation treaties; liability of the aircraft manufacturer based on alternative theories; proportionate fault among the defendants; and punitive damages.

The second part of the mediation will address compensatory damages claims brought by the estates of passengers from different countries.
